- Medium hands 27.5" / 70 cm
- Large hands 28" / 72 cm

Custom choices

Tops:

- Cedar tops** have a crisp, clear sound with each note standing out on its own.
- Spruce tops** have a ringing bell-like sound, with the notes somewhat blending together.
- Butternut tops** have a strong, clear response throughout the whole range, with a connected sound.
- Mahogany tops** give a warm sound with the notes blending together to give the tone a full, warm quality, especially when combined with a mahogany back.

Backs:

- Black walnut backs** give an even, strong bass response with a clear treble range.
- Cherry backs** give an even spread of tone strength.
- Maple backs** emphasize the high notes and overtones.
- Mahogany backs** give a warm sound with the notes blending together to give the tone a full, warm quality.

- **Price of custom work: There is no price difference if you are substituting any of the above woods for the standard option, or if you want your instrument strung up left handed.**
- **If you have special wishes or requirements, I will be glad to discuss them with you. Please call 802-767-3790.**
